Orlando, Fla. (May 20, 2019) – From rich sets and an actual forest with 1,200 trees to ground-breaking coaster technology and a captivating storyline, **Hagrid's Magical Creatures Motorbike Adventure** will be the most highly-themed, immersive coaster experience yet – becoming the world's first “story coaster.”

Epic Thrills Await Within the Forbidden Forest...

Get ready to soar into one of the most mysterious places in the Wizarding World – the Forbidden Forest. Aboard magical motorbikes, guests will actually feel the freedom of flight as they journey to the edge of the forest – regardless of if they're on the motorcycle or in the adjacent sidecar. They'll ascend above the trees, rapidly accelerate through mysterious ruins, speed forward – and backward, and so much more as they search for the wizarding world's rarest magical creatures.

The “story coaster” will feature innovative technology that is integrated so seamlessly into the surrounding environments, guests won't know what to expect next. Along the way, they'll experience thrills they've never felt on a coaster before, including:

- The most launches of any roller coaster in the world – with **7 total launches**
- Unexpectedly dropping nearly 17 feet on the first coaster in the U.S. to feature a free-fall vertical drop
- Being catapulted **65 feet** in the air at a more than **70 degree angle** – and then immediately dropping backward in one movement

Hagrid's Magical Creatures Motorbike Adventure will also be the longest roller coaster in Florida, measuring nearly a mile in length (5,053 feet).

Your Adventure Begins When You Enter the Ruins...

Before taking off on an exciting journey through the Forbidden Forest, guests will enter ruins which appear to have been abandoned for centuries behind Hagrid's hut. The ruins were imagined and brought to life by Universal's award-winning Creative team in collaboration with the *Harry Potter* films' Production Designer, Stuart Craig, and Art Director, Alan Gilmore. Hagrid now uses the ruins for groundskeeping at Hogwarts. And this is where guests' Care of Magical Creatures class will begin.

As they make their way to their enchanted motorbikes, guests will see materials from the class, including dragon eggs on the verge of hatching and a makeshift nursery where Hagrid kept his Blast-Ended Skrewts – the creatures that are being brought to life for the first time ever for this epic new adventure. Guests will encounter beloved characters from the *Harry Potter* films including Arthur Weasley, Hagrid, and his loyal dog, Fang, through a pre-show experience brought to life with digital projection and special effects. During this interaction, guests learn about their impending trip to the Forbidden Forest as part of their lesson for the day.

When it opens on June 13, 2019, Hagrid's Magical Creatures Motorbike Adventure will join the lineup of award-winning entertainment experiences in The Wizarding World of Harry Potter at Universal Orlando and bring an all-new adventure inspired by J.K. Rowling's beloved stories to life on an epic new “story coaster.” Hagrid's Magical Creatures Motorbike
