Today, Universal Orlando Resort revealed that **The Bourne Stuntacular** will debut at Universal Studios Florida in spring 2020. This cutting-edge **live-action stunt show** based on Universal Pictures' blockbuster *Bourne* film franchise will blur the lines between stage and cinema in a hybrid form of entertainment that has never been seen before.

The Bourne Stuntacular will follow the character of Jason Bourne around the globe as sinister characters pursue him. Everything fans have come to expect from the action-packed *Bourne* film franchise – thrilling chase scenes, punishing fistfights, death-defying leaps and danger at every turn – will happen right in front of guests with **live performers**, high-tech props and an immense LED screen, making it impossible to discern where the live action ends and the cinema begins.

Universal Orlando places guests in the heart of powerful stories and adventures with some of the world's most entertaining and innovative theme park experiences. And now, the addition of this edge-of-your-seat **live stunt show** brings an unprecedented level of action-packed excitement for every member of the family as the character of Jason Bourne attempts to evade capture time and time again.

The Bourne Stuntacular will be located on the streets of Hollywood at Universal Studios Florida, in the former location of Terminator 2: 3-D. Stay tuned – more details about the exhilarating new experience will be revealed in the coming months.
